H+M is proud to have been recognized as one of the Houston Chronicle Top Workplaces 2013 and 2014.

“I’ve used H+M on several projects, ranging from small capital EPC turnkey projects to design-only or construction-only projects. I’m confident when selecting H+M that the job will be completed safely, on time and with attention to detail. All of the engineering and construction personnel at H+M are easy to deal with and always have our best interests in mind.”

– Project Engineering Superintendent at International Chemical Producer
